

Skincare Stars Award System

Here at Celtine we like to reward hard work! All Celtine professional skincare stockists are encouraged to achieve skincare star status and reap the benefits of our awards system.

Our skincare stars system is designed with your business in mind. We offer rewards to help support marketing and promotions within your business, special retail incentives for your staff, and credit rewards for your business.

Please feel free to discuss any skincare enquiries you have with your Celtine Territory Manager or contact our Customer Services Team for an information pack.
